

PROPOSED TEMPORARY ROAD CLOSURE OF B3143 NEAR BOOKHAM LANE, BUCKLAND NEWTON

I have received an application from BT, to close B3143 NEAR BOOKHAM LANE, BUCKLAND NEWTON from its junction with Bookham Lane, to the access road to Holcombe Dairy Lane, Henley, a distance of approximately 740 metres. The closure has been requested to allow BT to provide new telegraph pole for new customer connection in the highway. These works are programmed to commence from 17 December 2018 for 2 days with an end date of the 18 December 2018 between 09:30 and 15:30. The road closure is necessary for safety reasons, as the works will take place within the whole width of the carriageway.

BT will publicise the road closure in a number of ways: they will place information boards on the road in this area to inform the travelling public of the works; they will carry out a letter drop to local residents directly affected by the works; and they will sign a vehicular diversion route using the local road network. The following map shows the extent of the closure and the diversion route.

This document is for information only. However, if you have any concerns about this proposal, please contact Samantha Paulley, (trafficteam@dorsetcc.gov.uk) by the 30 November 2018.
